Short Overview

2017 B Competition Format

- 40 teams divided into 8 groups of 5
- Each team plays all other teams in its group once
- The 1st and 2nd placed teams from each group qualify directly to the Stage of 16, named **Category B Knock Outs**
- Category B is a separate knock out and classification bracket determining final positions **1st to 16th within Category B**
- All 3rd placed teams qualify directly to **Category C Knock Outs**
- The 4th and 5th placed teams enter play off matches to determine the additional 8 teams that will join Category C
- Category C is a separate knock out and classification bracket determining final positions **1st to 16th within Category C**
- Pairings are arranged so that teams do not face teams from the same group at the first knock out stage where possible
- Losing teams continue through placement matches in both categories so that all final ranking positions are determined within each category

One important note: as written, the **4th/5th teams that lose the play off do not continue**, so they do **not** get a separate ranking
